

Teespring e-commerce crowdfunding

2000 Adoptirs

Teespring allows you to crowdfund custom apparel with no upfront costs, no risks, and no hassle. Design the perfect tee, choose a goal (tipping point) and set a sale price to launch a campaign (e.g., www.teespring.com/twit or www.teespring.com/botwana). Once you reach your goal we handle the printing & shipping and you get a check for the profit.

Twilio deverloper api telephony

2000 Adoptirs

Twilio is a web-service API that lets you use your existing web languages and skills to build voice and SMS applications. We focus on building a simple, powerful, pay-as-you-go communications platform so that you can focus on what you do best.
